During the two weeks of summer school, the children are supervised by the school's Montessori educators and English-speaking assistants.

The children participate in different activities during the morning, such as board games, art activities or cookery. They will also take part in group workshops (reading, songs, exchanges) but will not be using the Montessori material.

For lunch, each child must bring a packed lunch (a hot meal from a thermos).

In the afternoons, depending on the weather, the children play in the garden or remain in the classroom.

Outdoor activities are the priority if the weather allows it.

Remember to provide a hat and sun cream for the hot summer days!

If you would like to enroll your child in the summer school, please fill in the enrollment form and return it to us with the payment.

Please do not hesitate to contact us should you require any further information.
